

SINCE 1910

On Oct. 24, 1910, a group of New York State employees came together at the state Capitol in Albany to form the Association of State Civil Service Employees. Their purpose was simple: *Promote merit and fitness in the state civil service system to improve our working lives.*

It was a humble and idealistic beginning in a much simpler time.

In the course of nearly 100 years that Association has grown and transformed into CSEA – New York’s Leading Union.

Since 1910

New York’s LEADING Union
