

APRIL 4

RALLY TO SAVE OUR MIDDLE CLASS

Please join CSEA with other middle class working taxpayers, fellow union members in CWA, and other trades and professions, in this show of concern and solidarity to increase awareness and to counter the baseless stories against middle class workers.

Monday, April 4th, 2011 at 5pm outside of the Westchester County Office Building, 148 Martine Ave, White Plains (across from the Galleria Mall)

Corporate backed politicians and initiatives are choking the life out of the middle class and our democracy, while attacks on middle class workers continue to escalate in Westchester and Putnam Counties, and across the country.

Join us for a Rally To Save Our Middle Class on April 4, 2011.

We will counter the blatant assault on middle class workers by exposing the litany of lies being told as a way to justify layoffs, the elimination of collective bargaining rights, pension and seniority reform, and tax breaks for the ultra-wealthy at the expense of Middle-Class jobs and services.

In solidarity, public and private sector middle class workers will challenge this distortion of truth with a broader vision of social justice. Send a clear message that we will promote the interests of all workers and protect our communities by coming together to Save Our Middle Class.

Please join us on April 4, 2011 at the corner of 148 Martine Avenue (across from the Galleria Mall), White Plains, New York from 5-7 pm.

If your Union or organization would like a speaking position or is planning to attend the rally, please call CWA Political/Legislative Coordinator Joe Mayhew at 914-374-6848.
