Negotiations Update

August 17, 2006

Yesterday (August 16, 2006), we met with the County Negotiator to get the County's latest position statement.

Because it did NOT - AGAIN - address most of our issues/proposals, particularly health insurance changes, and after some deliberation, we declined their offer and stayed fast on our proposals as submitted.

We have not scheduled a next meeting as we suggested an alternative drug plan that needs to be researched by the County. We are still hopeful of completing this Negotiation without any long drawn out process as we have experienced in the past, although we may need a "showing of support" by the members to push the County.

We must remind you that we are not settled until we have a total package and will not bring anything back to you, for you to vote on, which does not include addressing our issues to OUR satisfaction.

We have heard your comments and suggestions and are staying the course on them until we are satisfied on a total package.

Look for updates for our next meeting.
